

Just Furr Fun  
Rock And Roll Over Lyrics

**"Dog by Your Side"**

**By Steve McWilliams and Debra Buonaccorsi (The Truehearts)**

Do you want to know the secret to life? (x2)  
Long walks, lazy days  
Taking a nap in the shade  
But do it all with a dog by your side

Do you want to know the key to happiness? (X2)  
Car rides, Sunny days  
When you come home it's a holiday  
To that good as gold dog by your side

Yeah, you were wild once  
All the wildness we've lost  
All the mysteries of life on earth  
Your nose knows, it's in the dirt

Do you want to have a true-blue friend?  
Unconditional to the end  
Flat broke or Midas rich  
Doesn't matter a single stitch  
To that ever-loving dog by your side

Yeah, you were wild once  
All the wildness we've lost  
All the mysteries of life on earth  
Your nose knows, it's in the dirt

Flat broke or Midas rich  
Doesn't matter a single stitch  
To that ever-loving dog by your side (x3)

**"King of the Pack"**

**By Mike Younger**

Some people call me the king of the pack  
Here he comes, the king of the pack  
So throw me a bone or scratch my back  
Here he comes, the king of the pack

It's a dog's life baby  
And that's an indisputable fact  
Yeah it's a dog's life  
And the Dane is the King of the pack

I'm the gentle giant with nothing to prove  
Here he comes, the king of the pack  
But everybody jump when I say move  
Here he comes, the king of the pack

So make a little room up on the sofa for me  
Here he comes, the king of the pack  
Cos I'm the kinda guy who likes to stretch out you see  
Here he comes the king of the pack

## **"Do the Dachs-hound"**

**By Bob Lewis and Phillip Price**

King of the Limbo  
Right from the start  
You gotta low low belly  
And a great big heart  
You'll cheer up  
When you get down  
And do the Dachs-hound

Every doggone day I see you trotting down the street  
Like a low-rider in Los Angeles  
You got your nose in the air and long ears flapping in the  
Breeze.

And all the big dogs are taking their time checking you out  
It's a long way from nose to toes and tail to snout  
But when you don't look their way they gonna beg and  
Pout

You gotta get low  
As low as you can go  
You put your tail in the air while you keep your silly legs on the ground  
You sit a little up  
You get way down  
And Do the Dachs-hound.

Well you're long and lean  
You keep your belly clean  
By brushing it all day on the floor  
You can roll over and beg  
Sit stay shake a leg  
You never sausage a dog  
Who could ask for more?

You gotta get low  
As low as you can go  
You put your tail in the air while you keep your silly legs on the ground  
You sit a little up  
You get way down  
And Do the Dachs-hound.

King of the Limbo

Right from the start  
You gotta low, low belly  
And a great big heart  
You'll cheer up  
When you get down  
And do the Dachs-hound (x2)

**"Your Friend Forever (Loving Bulldog)"**  
**By Anana Kaye and Irakli Gabriel**

I've got a snotty nose  
And I don't like the cold  
I'm a bulldog

I'll wear a funny hat  
Just so you'll look at me like that  
I'm a cool dog

I hope you realize  
When you look in my eyes

I'm a loving bulldog, but I will defend  
My legs are too short I'll never jump your fence  
I'm a loving bulldog, I hope you understand  
In this crazy doggone world, I'm your forever friend

And when you get to know me  
You'll see that when I eat  
I'm a bowl hog

I'll snort and wheeze and pee on trees  
Just walk with me  
And tell me I'm a good dog

It's written on my face  
It was me who broke your vase

I'm a loving bulldog, but I will defend  
My legs are too short I'll never jump your fence  
I'm a loving bulldog, I hope you understand  
In this crazy doggone world, I'm your forever friend

Sometimes I may get grumpy  
Sometimes I may get sad  
but that passes too  
Especially at dinner time whenever you're cooking chicken cordon bleu

So Please don't go away,  
don't you know it's time to play

I'm a loving bulldog, but I will defend  
My legs are too short I'll never jump your fence  
I'm a loving bulldog, I hope you understand  
In this crazy doggone world, I'm your forever friend

**"That's My Retriever"**

**By Bob Lewis**

No one could have told me  
You'd be by my side  
I never would have guessed  
How much I needed you as a friend

Dig a hole  
Soul squeezer  
When my heart aches  
Reliever  
Chews to the bone  
Of my dirty sneaker  
That's my retriever

When we're on a run  
and I throw something at ya  
You always do your best  
To pick it up right where we left off

Stone cold  
Kiss stealer  
Always pick the toy  
With the squeaker  
Even when i don't  
Really wanna be there  
That's My Retriever

## **"Woouoo All Day"**

**By Irakli Gabriel and Brett Ryan Stewart**

I eat a lotta snacks  
And I take a lotta naps  
Waitin' all day  
for my owner to come back  
And pet me.  
Maybe go out for a walk

I may have a droopy face  
But if I see a cat I'll chase  
Even though i'll never catch `em  
You won't see me look disgraced  
It's cool man,  
I'm just hangin out

Cuz I just wanna go WOOOOOO all day

My owner just got home  
I think he brought me a fresh bone  
But I haven't seen it yet  
Cuz He's still looking at his phone  
Oh come on now. Put it down

Imma jumpin and a waggin  
But he still is kinda laggin'  
So I try a friendly bark  
But he can't see my eyes saggin'  
Come on man, i'm your faithful hungry friend

So I'm just gonna WOOOOOO all day

Humans think too much  
And they're always going out  
Sometimes I think that they can't see me  
Just because i'm short and stout  
Well my floppy ears are listening  
Tell me what's it all about

Well, I guess I've only got one choice.

I'm just gonna go WOOOOOO all day

## **"Mutts Will Rule the World"**

**By Steve Rempis**

A lot of pups have pedigrees and fancy brethren  
They're best in show and they're perfect in every way  
And then there's us, the mixed-breeds and 57s  
Before you know it we're stealing your heart away

We're in the shelters and alleyways  
There's plenty of us to be found  
Open your heart and come rescue us  
There's no better friend to be found

Someday the mutts will rule the world (x4)

We come in an endless array of sizes  
A million shapes and colors, yeah we're all about variety  
We're the loyalest of pets and we're full of surprises  
A walking, barking study in the joys of diversity

Forget the pet shop in the local mall  
And the big-box superstore  
Come and adopt us, one or all  
Don't you know we're gonna love you more

Someday the mutts will rule the world (x4)

**"Pitbulls Rock"**  
**By Jimmy Catlett**

A pit bull will smell you,lick you and tell you  
She loves you, she loves you  
A pit bull reveres you, speak and she hears you  
She loves you, she loves you  
She'll bark at the door and still come back for more and  
Protect from the Postman  
She'll let the kids ride her and curl up beside her  
She digs you the most man

Pit bulls rock pit bulls roll Pit bulls talk with a lot of  
soul It's in their eyes it's no surprise  
We love them too of course we do

A hero to save you valiant and brave you  
Don't have don't have to  
Explain what you're thinking he won't mind your drinking  
He don't care what you do  
The heart of a warrior he'll give his life for yer  
He's utterly selfless  
The soul of a poet I know that you know it  
We're partial, we confess

Pit bulls rock pit bulls roll Pit bulls talk with a lot of  
soul It's in their eyes it's no surprise  
We love them too of course we do

Some people scared sometimes  
Some people lost their minds  
Some people need to find  
A clue a clue

{Pit bulls rock pit bulls roll Pit bulls talk with a lot of  
soul It's in their eyes it's no surprise  
We love them too of course we do} (x3)

**"Berner"**

**By Steve McWilliams and Debra Buonaccorsi (The Truehearts)**

I'm a Berner  
Bernese Mountain Dog  
A real head-turner  
Bernese Mountain Dog

My fur is long  
Get out the brush  
It takes some work  
For a coat this lush

Sometimes I drool  
But you won't mind  
Kids think I'm cool  
With my above average size

I like to lean  
Stay close to me  
'Swhere I want to be  
So let me lean on you

My love is true  
My heart is large  
So love me do  
And let's run around the yard

**"I'm a Terrier"**  
**By Mark Robinson**

I'm a terrier baby, nobody runs as fast as me (x2)  
I'm a tough dog baby, you'd better let me be

They say I'm feisty, I've got a lot of energy (x2)  
Sometimes I run in circles, and chase the squirrels right up a tree

I was bred to catch rodents, I'm a hunter can't you see (x2)  
I'm a hunting dog baby, nothing gets away from me

I'm a guard dog, baby, loyal as a dog can be (x2)  
I'm a guard dog baby, so you best not mess with me

The mailman's come to kill us all, the mailman's come to kill us all, the mailman's come  
to kill us all.  
No! it's alright, it's alright, I guess it's alright

I'm a dynamo baby, I can run all night and day (x2)  
But I better take a nap, before we go outside to play  
Yeah I gotta take a nap, but then let's go outside and play

**"My Labrador Retriever"**  
**By David Conrad**

Who's that at the back door?  
It's my labrador retriever  
I know what she's come here for  
My labrador retriever  
Same reason as from the start  
To fill her belly and warm my heart  
That's my/ labrador retriever

Together in the broad daylight  
Me and my lab retriever  
Or walking in the dead of night  
With my lab retriever  
I don't ever have to fear  
Just a whistle and she'll be here with me  
That's my/labrador retriever

I'll never lose my way  
with my labrador retriever  
'Cause she's got the faith  
To make me a true believer  
I've been lost and I've been blind  
But there ain't nothing that she can't find  
That's my/labrador retriever

Who's that running through the grass?  
That's my lab retriever  
Graceful as a ballet dancer  
My labrador retriever  
Black coat and a heart of gold  
She retrieves my wandering soul  
That's my/ labrador retriever

She's never gonna leave me, and I'll never leave her  
My labrador retriever (x2)

**"Little Lion"**  
**By Steve Rempis**

Just a little bitty dog with a king-sized attitude  
Flat-faced, short-legged powder keg, a little bit rude  
Bark so loud and strut so proud  
A lap dog full of joy  
Born to play, that's whay they call it a toy

Little Lion... Shi T'zu! (x2)

A companion bred for Chinese royalty  
Tibetan temple dogs from the Ming & Manchu dynasty  
With such a storied history it's no wonder they're so ornery  
And they've earned the right to share your bed at night  
And live worry-free

Little Lion... Shi T'zu! (x2)

**"Blue 'Bama Brindle"**  
**By Meghan Hayes**

No one outruns me  
No one even comes near  
Got a tail like a whip  
A tattoo in each ear

I was brought up  
On the Southeast circuit  
In the dark, in a cage  
Dreaming of rabbits

I'm a blue 'Bama brindle from Birmingham  
A racer through and through

Lost my maiden race  
Swore never again  
No more sand in my face  
As long as I win

Parade in my silks  
My muzzle like steel  
When the gates fly open  
Eat up track like a meal

I'm a blue 'Bama brindle from Birmingham  
A champion, it's true

Gets hard to ignore  
The ones that I beat  
Go missing in droves  
And the word on the street's that

They're living in homes  
Sleeping on pillows  
A treat in each paw  
No worries, just windows

I'm a blue 'Bama brindle from Birmingham  
And I'm racing home to you (x 3)

## **"I, Chihuahua"**

**By Rebecca Weiner Tompkins and David Conrad**

I strut down the street feeling 12 feet tall,  
Cause I'm a Chihuahua.  
Those other dogs pass me like I'm way too small;  
It's that big Chihuahua life.  
I rule like a lion, yo, hear me roar,  
Yeah, I'm a Chihuahua.  
Like the queen of the jungle, I'm a-keeping the score;  
It's that royal Chihuahua life.

They can laugh at me yelling "ay Chihuahua!"  
I yap right back, hey, I'm a Chihuahua.  
You can put me in your purse but I'm no toy.  
Chihuahua, Chihuahua, my name screams joy

I sit on your lap with my big baby eyes;  
Oh, I'm a Chihuahua.  
Burrowed in your arms just as sweet as pie,  
It's that fine Chihuahua life.  
You can dress me all up in those tiny clothes,  
Such a cute Chihuahua;  
Like the perfect doll your mama once chose.  
When you leave me alone--- anything goes...

There's only one boss when I'm around;  
Remember, I'm a Chihuahua.  
Though I get distracted by those snacks on the ground:  
It's that tasty Chihuahua life.  
A rock or an acorn or a piece of your shoe--  
I'm a hungry Chihuahua.  
My eyes are bigger than my stomach, that's true;  
It's that yummy Chihuahua life.

They can laugh at me yelling "ay Chihuahua!"  
I yap right back, hey, I'm a Chihuahua.  
You can put me in your purse but I'm no toy.  
Chihuahua, Chihuahua, my name screams joy

Call me your pet and I'll play along;  
I'm a good Chihuahua.  
But when you put me on that leash  
I'm gonna prove you wrong;  
It's that free Chihuahua life.

I'm a wild Chihuahua, bigger than I seem,  
I'm the wild Chihuahua, your wild Chihuahua,  
Living that Chihuahua dream.

They can laugh at me yelling "ay Chihuahua!"  
I yap right back, hey, I'm a Chihuahua.  
You can put me in your purse but I'm no toy.  
Chihuahua, Chihuahua, my name screams joy

**"He's a Poodle"**

**By Megan Palmer & Jason Quicksall**

He's a poodle and he's oodles of fun  
He would doodle if he had any thumbs  
Favorite thing to do is go to the park and run

He likes children and people with cheese  
He kinda fluffy like a pillow you see  
But don't you hold him too tight or he sneezes

Call out his name or whistle  
He'll come in like a missile  
To be by your side  
Best friend you've ever seen  
Next to you as you dream  
Though he might go through the  
Trash a little when you leave

He's a poodle and he's oodles of fun  
He would doodle if he had any thumbs  
He's my root toot tootin number one friend

**"I'm Your Beagle"**  
**By Jamie Rubin**

I'm gonna run  
Yeah I'm gonna go  
Let's get this on  
Get on with the show  
Hey it's a good day  
Now everything has stopped  
Let's make our own way  
Come on - let's get lost

I am one  
I am free  
Truly devoted  
I'll always be  
Right by your side  
I'll never leave  
I am you Beagle  
I'm who you need  
I am your Beagle  
I am your Beagle  
That dude is me

Let's take a walk  
Let's take a jog  
We'll travel far  
Man let's loose the car  
Outside my window  
That field is ours  
The sun is out  
Yeah let's jump & shout  
Let's jump & shout

## **"The Shepherd"**

**By Megan Palmer & Jason Quicksall**

I have it pretty good  
Get up early, have my breakfast  
Go on over to the couch  
Watch the world go by  
Watch the world go by  
I know these 3 old cats  
They run around the yard and tease me  
Make me think I'm something else  
Watch the world go by

I am the Shepherd  
It's my job to guard the perimeter  
I am the Shepherd  
It's my job to watch the world go by

Here comes a man with a big ole bag  
He's skulking round outside my door  
Think he's coming in this time  
He'll be sorry if he tries  
Sorry if he tries

I am the Shepherd  
It's my job to guard the perimeter  
I am the Shepherd  
It's my job to watch the world go by

I'll be here when you get home  
Rub my belly then you'll feed me  
Sit together in the yard  
Wave the sun goodbye  
Next to you all through the night  
Tomorrow we will wake together  
Start the day all over again  
Watch the world go by (x2)

I am the Shepherd  
It's my job to guard the perimeter  
I am the Shepherd  
It's my job to watch the world go by  
Watch the world go by (x2)
